

CHARLES NEENWI

Frontend Engineer · React Developer

charlesneenwi@gmail.com | Port Harcourt, Nigeria | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

ALX-certified Frontend Engineer with hands-on experience building responsive, user-focused web applications using React and Tailwind CSS. Background in graphic design (YouTube thumbnail creation) sharpens an eye for visual detail and UI quality. Passionate about writing clean, maintainable code that solves real-world problems.

TECHNICAL SKILLS

Languages & Markup: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Tailwind CSS

Tools & Platforms: Git, GitHub, Vercel, REST APIs, VS Code

Design: Responsive Web Design, UI/UX Principles, Graphic Design

PROJECTS

Recipe Finder App2025

React · Tailwind CSS · TheMealDB API · Vercel

- Built a full-featured recipe discovery app enabling users to search, browse, and save favourite meals
- Integrated TheMealDB REST API to fetch and display dynamic recipe data including ingredients and instructions
- Implemented persistent favourites feature using React state management
- Deployed on Vercel with responsive design across all screen sizes
